

Charles University in Prague, Faculty of Science
Department of Experimental Plant Biology

Speaker: **Dr. Mary Williams**
Features Editor

THE **PLANT** CELL

Title: “How to be a great teacher”

Dr. Mary Williams has devoted herself to making teaching in biology interesting for the teachers as well as the students. She is the editor of Teaching Tools in Plant Biology, published by the American Society of Plant Biologists, which combines up-to-date peer-reviewed research-based content with flexible presentation components that can be used alone or integrated into your lesson plans so that you can confidently present these exciting topics in your course.
